PSG EXECUTIONS, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

Note 1 - Nature of Business

PSG Executions, Inc. (The "Company") is a corporation formed for the purpose of conducting business as a broker. The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA").

The Company operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k) (2) (ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer. The Company is an introducing broker and does not handle customer funds and/or securities. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

Note 2- Going Concern Operation

The accompanying statements have been prepared assuming the Company will continue as a going concern. The Company had no revenues in 2015 and a loss from operations. This raises substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty. Management has pledged any additional support to the company to enable it to continue as a going concern.

Note 2 - Summary of Significant Accounting Policies

a) Revenue Recognition

Securities transactions (and the recognition of related income and expenses) are recorded on trade date basis. Commission income and related expense are recorded on a settlement date basis. There is no material difference between settlement date and trade date.

b) Income Taxes

The Company has elected to be treated as an "S" Corporation under the provisions of the Internal Revenue Code and New York State tax regulations. Under the provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholder is liable for individual income taxes on his respective share of the Company's taxable income.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

Note 2 - Summary of Significant Accounting Policies (continued)

c) *Cash and Cash Equivalents*

The Company considers demand deposited money market funds to be cash equivalents.

The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

d) *Use of Estimates*

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

e) *Property and Equipment*

Furniture and fixtures are depreciated on the straight-line method over an estimated useful life of three to five years.

Leasehold improvements are recorded at cost and are amortized in accordance with the straight-line method over the life of the lease.

f) *Subsequent Events*

The Company has evaluated events and transactions that occurred between December 31, 2015 and February 17, 2016, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

Note 3 - Related Party

The Company shares the office space with an affiliated entity. In 2015, none of the rent was paid by the Company.

Note 4 - Financial Instruments with Off-Balance Sheet Credit Risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company introduces these transactions for clearance to another broker-dealer on a fully disclosed basis. The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers.

The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker on

a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

Note 5 - Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2015, the Company had net capital of \$11,553, which was \$6,553 in excess of its required net capital of \$5,000. The Company's net capital ratio was 21.64%.

A copy of the Firm's Statement of Financial Condition as of December 31, 2015, pursuant to SEC Rule 17a-5, is available for examination at the Firm's office and at the regional office of the SEC.
